SPRING 2017

EDITION 005

AGEING WELL: A SMARTER ESSEX

On 6 December 2016, the first in a series of discussions addressing how we tackle the key challenges facing Essex's ageing population took place, powered by CSES' interactive *My Smarter Essex* technology.

Led by the Essex Partnership Board in conjunction with Anglia Ruskin University (ARU) and CSES, the event welcomed public service commissioners, academics, businesspeople, experts and partners to discuss innovative new ways to empower people later in life.

Co-ordinated by CSES, academics from ARU gave presentations on the use of technology to ease pressure on health services, promoting independence by building smarter cities and using data to deliver personalised services, among other topics.

IET FARADAY CHALLENGE

On 18 January 2017, Greensward Academy, both Westcliff High Schools, Colchester Royal Grammar School and King Edward VI Grammar School took part in the Faraday Challenge, run by the Institute of Engineering and Technology (IET) and CSES at Anglia Ruskin University (ARU).

The exact task remains a secret, but the students did exceptionally well and were praised by the IET for their teamwork and for challenging themselves. Our thanks to the IET and to Anglia Ruskin University.

NEW YEAR'S CURRY

CSES kicked off 2017 with the first of a series of social events for members and their guests. In traditional fashion, we went for a curry at the Balti King Restaurant in Moulsham Street, on 10 January 2017.

Thank you to all who attended this fun evening – look out below and on our website for our next social events!

CAFE SCIENTIFIQUE

Our thanks to Colin Reynolds, who delivered our first Café Scientifique and second social event of 2017 on 23 February, with *The Art and Science of Working with Glass*.

Along with an exhibition of some exquisite pieces he had made, Colin led a fascinating talk and discussion about learning to work with glass, including plenty of top engineering tips from lessons learned along the way. This was enjoyed by all over a few pints from the ARU bar!
